- 9) **Alignment Study and Conceptual Architectural Plan/ Design Preparation for Stations/ Terminals of the Proposed 30.0 kilometer (km) Manila South Line Mass Rapid Transit (MSL MRT) Project** (including limited land and property developments), April-June 1998 (2.50 months) for the ALMEC Corporation;
- 10) **Planning Research and Conceptual Architectural Design for the proposed commercial and mixed-use developments in and around the proposed Light Rail Transit (LRT) System Line No. 2' s Recto-Bilibid terminal, and in LRT Line No. 1's Blumentritt terminal** with a combined floor area of approximately seventy thousand square meters (+/-70,000.0 sqm) under the MMC-ULMS Program;
- 11) **Pre-Investment/Pre-Feasibility Studies for the proposed land use conversion i.e. elevated tollway, housing for 18,000.0 families and or about 90,000.0 residents and ancillary developments, on a 16.0 kilometer (km) section of the Philippine National**

- Railway (PNR) right-of-way (ROW) in Metro Manila** with an aggregate land area of seventy six hectares (76.0 has.), 1995-1996 (4.0 months) for Landseaire RMC; project status : project partially implemented in 1997-98 but using a vastly different master plan evolved by project proponent;
- 12) **Planning Research and Conceptual Design for the proposed mass transit systems for the cities of Taipei (Taiwan), Hong Kong, Jakarta (Indonesia) and Kuala Lumpur (Malaysia)**; work under Electrowatt Engineering Services, Ltd (Zurich), 1982/83;
 - 13) **Planning Research and Conceptual Architectural Design for the proposed/ planned commercial and mixed-use developments in and around LRT Line No. 1's main terminals and selected stations**, with an aggregate floor area of approximately one hundred thousand square meters (+/-100,000.0 sqm);
 - 14) **Evaluation of development potentials of government and private properties along Light Rail Transit (LRT) System Lines 1 and 2 as part of the LRT Financial Restructuring Study (FRS) including land and property developments/ redevelopments**, Pasay City, Makati City, City of Manila, Quezon City, Marikina City, Metro Manila, PH for the LRTA; 1996-1997 (7.0 months); project status : work done for Joaquin Cunanan Associates in collaboration with Pacific Consultants, International (PCI); project implementation undertaken in phases starting in 1998;
 - 15) **Conceptual Development Master Planning and Conceptual Architectural Design for the proposed North EDSA Mixed-Use Development Project (+/-150,000.0 sqm)**, Quezon City, PH and grounds totaling some 40.0 hectares; client was DCCD Engineering Corporation for the National Housing Authority (NHA) and the Quezon City Government; 1989 (1.5 months of part-time engagement);
 - 16) **Feasibility Study for the proposed 49.0 kilometer (km) Circumferential Road 6 (C-6) Tollway Project** and its development corridor (land and property developments) to be located between Muntinlupa City, Metropolitan Manila and Meycauayan, Bulacan Province, Region III, PH; 1993-94 (3.0 months) for the Filipinas Dravo Corporation (FDC) and PNCC-Citra Consortium;
 - 17) **Pre-Feasibility Study for the proposed 162.0 kilometer North Luzon Tollway Extension (NLTE) Project**, Regions III and I, PH and its development corridor (land and property developments) to be located between Sta. Ines, Pampanga and San Fernando La Union, 1996 (1.50 months) for the Filipinas Dravo Corporation (FDC);
 - 18) **Pre-Investment Study for a proposed 20.0 kilometer toll road project (including land and property developments)** between the CALABARZON Provinces of Laguna and Cavite, Region IV, PH; 1994-1995 (2.50 months) for Landpros, Corporation;
 - 19) **Pre-Feasibility Study for the proposed 15.0 kilometer Metro Manila Skyway (MMS) Project** to be located above the South Luzon Expressway (SLEX) between Bicutan, Parangue City and Sen. Gil Puyat (Buendia) Ave., Makati City, Metropolitan Manila, PH; 1994 (1.50 months) for the Filipinas Dravo Corporation (FDC) and PNCC-Citra Consortium;
 - 20) **Land Use Mapping, Comprehensive Land Use Planning (CLUP), Revision of the Zoning Ordinance (ZO) and the Preparation of Land Use Development and Management Guidelines (LUDMG) for Pasay City**, Metropolitan Manila, PH; year 2001 (3.0 months); ZO passed by Pasay City Council early 2003; CLUP approved by the Metropolitan Manila Development Authority (MMDA) and thereafter ratified by the Housing & Land Use Regulatory Board (HLURB) mid-2003;
 - 21) **Conceptual through Detailed Master Development Planning for the Proposed development of the 550.0 hectares (has.) Panabo Agri-/Agro-Industrial Estate Project** in Panabo City, Davao del Norte, PH; 2004 (2.0 months) for Schema Konsult, Inc. (SKI);
 - 22) **Detailed Master Development Planning (DMDP) and Limited Conceptual Architectural Design (LCAD) for the Proposed Hampton Court Project**, 4.0 hectares (has.) of integrated mixed use developments in Imus, Cavite Province, Region IV, PH; 2006-2007 for Plus Builders, Inc. (PBI);
 - 23) **Conceptual Master Development Planning (CMDP) and Limited Conceptual Architectural Design (LCAD) for a Proposed Mixed Use Development Project**, 4.0 hectares (has.) and 460,000.0 sq.m. of integrated mixed use developments in Quezon City, PH; 2007 for the Filipinas Dravo Corporation (FDC);
 - 24) **Detailed Site Development Planning (DSDP) and Preliminary Architectural Design (CAD) for a Proposed Mixed Use Development Project**, 4.0 hectares (has.) and 180,000.0 sq.m. of integrated mixed use developments in Mandaue City, Metropolitan Cebu, Region VII, PH; 2007 for HSP Development Corporation; and
 - 25) **Conceptual Master Development Planning (CMDP) and Conceptual Architectural Design (CAD) for a Proposed Mixed Use Development Project**, 12.0 hectares (has.) and 450,000.0 sq.m. of integrated mixed use developments in Quezon City, PH; 2006-2007 for Semper, Inc.

Key Qualifications:

Consultant's field/s of practice : general physical development planning including land and property development, new transit and highway systems, housing and resettlement sites; general architectural design services including low-cost housing units up to high-rise mixed-use buildings/complexes; and management of contracted consulting services.

More than twenty five (25.0) continuous years of progressively responsible and highly diversified professional experience in the practice of various aspects/ classes/ levels of Development Planning, Environmental Planning and Land and Property Development Consulting i.e. master development planning/ physical planning/ site planning, comprehensive land use planning/ urban planning/ transportation planning/), general architectural design, general allied design and limited environmental investigation services for a broad range of projects both in the Philippines and overseas.

More than twenty (20.0+) years of responsible/ diversified experience in the practice of the **Architectural Profession** with project packaging/ project development, space planning, architectural programming, architectural design development, site development planning, detailed engineering design coordination (DEC), contract management/ administration, contract/ tender/ construction documentation, tendering assistance, periodic construction supervision (PCS), client recruitment/ relations, business development, corporate/ office/ business management, building technologies/ housing systems and low cost construction materials research and development (R&D), pre-feasibility/ feasibility study preparation, architectural instruction and Project Management of contracted consulting services as areas of practice.

Architectural consulting experience is complemented by more than sixteen (16.0+) years of responsible/ diversified/ concurrent experience in the practice of the **Environmental Planning Profession** with master development planning (MDP), urban/ transportation/ development/ site planning, comprehensive land use planning (CLUP), land use mapping and analyses, zoning ordinance (ZO) preparation/ revision, formulation of development controls and management guidelines preparation (for buildings and land uses), environmental/ area/ estate/ site planning, field research, pre-feasibility/ feasibility study preparation and project management of contracted consulting services as fields of concentration.

Architectural and planning consulting experience is further complemented by more than fifteen (15.0+) years of responsible/ diversified/ concurrent experience in the practice of **Allied Design Professions** with architectural and engineering (A&E) design coordination, design of architectural interiors, interior design and supervision, furniture design supervision, graphic design, site development planning,

landscape architecture design coordination, urban design, construction management, performance of various real estate services (including preparation of highest and best use studies), pre-feasibility/ feasibility study preparation and management of contracted consulting services as areas of practice.

Design and planning experience is complemented by the performance of various types/ levels of environment consulting and **Environmental Investigation/ Assessment Services** over the past ten (10) years with focus on limited scope initial environmental investigations (IEEs) for office, commercial and residential building projects in urban locations and for housing sites in urban/ rural-urban settings.

Officially-accredited professional in the field of **Alternative Dispute Resolution (ADR)** for the construction industry sector i.e. construction arbitration, mediation or conciliation. He was inducted into office in July 2001 by a Justice of the Supreme Court of the Philippines as a construction arbitrator of the Construction Industry Arbitration Commission (CIAC). As a construction arbitrator, he hears and resolves construction cases brought before him or before the arbitral tribunal of which he is member.

Archt. Alli is also a firm advocate for the quality and ethical practice of the professions of architecture and environmental planning as evidenced by his involvement in Philippine legislative efforts to amend existing/ antiquated laws concerning the practice of environmental planning and architecture in the Philippines. He participated actively in the crafting and lobby effort for the passage/approval of the Architecture Act of 2004 (Republic Act No. 9266), its Implementing Rules and Regulations (IRR) and derivative regulations including the Architect's Code of Ethics. Presently, he is also involved in the subsequent effort to amend and update other architectural regulations (covering the standards of professional practice for Philippine architects).

- Education** :
- a. Master of Arts in **Urban and Regional Planning** (MA-URP), University of the Philippines, School of Urban and Regional Planning (UP - SURP), Philippines (PH), **1994**; and
 - b. Bachelor of Science in **Architecture** (B.S. Arch.), University of the Philippines College of Architecture (UPCA), PH, **1982**;
 - c. Diploma in Industrial Drafting (Architecture), Don Bosco Technical Institute (Makati, Rizal), **1976**
 - d. Diploma in Industrial Drafting (Mechanical), Don Bosco Technical Institute (Makati, Rizal), **1974**.

Professional lectures given in the **last three (3.0) years** are as follows:

- a. 15 February 2008, Lecture on the 2006 Consulting Services Board Bill, Society of Philippine Accredited Consultants (SPAC), **Resource Person**, Philippines (PH);
