title **"Bolante to undergo more tests, says doctor"** today,

Dear Sirs/ Mesdames,

Warm greetings from the **Professional Regulatory Board of  
Architecture (PRBoA)**!

The **PRBoA** would like to call the attention of the **PDI** to the  
unfortunate, if not potentially poor choice of word/s in the above  
front page story, describing Mr. Joc-joc Bolante as **"xxx the  
purported architect of the P728-million fertilizer fund scam xxx"**.

Architecture is a noble and several millennia old profession,  
presently practiced by duly qualified, state-regulated natural  
persons who are steeped in ethical practices. To associate the word  
**"architect"** with a major wrongdoing is a signal dishonor to the  
countless men and women who lawfully practice/d the profession.

If any wrongdoing is to be cited by the **PDI**, maybe it should  
be those that are continually done by the tens of thousands of  
natural and juridical persons who **illegally practice** the profession  
of architecture in the country, to the obvious disadvantage of the  
people who mistakenly repose trust on such entities.

The **PRBoA** hopes this letter finds print in the **PDI Opinion**  
section to promptly correct any possible misimpression created by  
the subject front page story. The **PRBoA** also hopes that the word  
**"architect"** is never again loosely associated by **PDI** writers with  
wrongdoing. Thank You very much for Your continued support of the  
Philippine registered & licensed architects (**RLAs**).

Yours sincerely,

Dear Sirs/ Mesdames,

Warm greetings from the **Professional Regulatory Board of  
Architecture (PRBoA)**!

The **PRBoA** would like to call the attention of the **ABS-CBN BC/  
ANC** to the unfortunate, if not potentially poor choice of word/s in  
the above stories, describing Mr. Joc-joc Bolante as "xxx the  
architect of the P728-million fertilizer fund scam xxx".

Architecture is a noble and several millennia old profession,  
presently practiced by duly qualified, state-regulated natural  
persons who are steeped in ethical practices. To associate the word  
"**architect**" with a major wrongdoing is a signal dishonor to the  
countless men and women who lawfully practice/d the profession.

If wrongdoings are ever cited by the **ABS-CBN BC/ ANC**, maybe it  
should be those that are continually done by the tens of thousands of  
natural and juridical persons who **illegally practice** the profession of  
architecture in the country, as well as the public entities who condone,  
if not promote the continuing violation of **R.A. No. 9266** (Architecture Act  
of 2004 and its IRR), to the obvious disadvantage of the general public.

The **PRBoA** hopes that the word "**architect**" is never again  
loosely associated with wrongdoing/s, by **ABS-CBN BC/ ANC** news-  
writers. We earnestly anticipate Your full support of the approx.  
8,000 Philippine registered & licensed architects (**RLAs**) and of the  
approx. 23,000 Philippine registered architects (**RAs**).

Yours sincerely,

**for the PRBoA**
