SUBJECT : **PRBoA Third (3rd) Quarter 2011 Report of Accomplishments (Narrative Version)**

Dear Mesdames/ Sir,

Warm greetings from the Professional Regulatory Board of **Architecture** (the "PRBoA").

The **PRBoA** transmits herewith its Report of Accomplishments (Narrative Version) for the Third (3rd) Quarter of 2011 (in 16 pages total).

For Commission information only. Thank You.

Yours sincerely,
For the **PRBoA**

Armando N. Alli
Acting Chairman

Professional Regulatory Board of Architecture (PRBoA)
2011 Third (3rd) Quarter Report (Narrative)
for the Period **01 July through 30 September 2011**

A. PRBoA Meeting/s Held

For the period July through September 2011, the PRBoA officially met on various dates i.e. on at least five (5) separate occasions, at the PRC (the “Commission”) and elsewhere to discuss pending matters on R.A. No. 9266 implementation and enforcement, that need to be addressed the soonest.

B. Review of/ Hearings for/ Decision on Docketed Cases

There were 7 administrative cases reviewed and about 3 hearings attended by the PRBoA at the Commission. Orders and/or decisions for about 4 cases were also released during the 3rd quarter of 2011. A major administrative complaint filed by the Government against a prominent architect is presently under review by the PRBoA and by the PRC Legal and Investigation Division.

Per the latest information furnished by the PRC Legal and Investigation Division, there are currently 69 pending administrative cases. A total of 170 cases have already been decided to date (involving complaints pertaining to gross negligence/ malpractice, dishonorable/ unethical/ unprofessional conduct and immorality).

C. Monitoring of the Full Implementation and Enforcement of R.A. No. 9266 (The Architecture Act of 2004) and of Various Legislative Initiatives that Shall Materially Affect Said Law

The PRBoA has consistently monitored developments concerning the full implementation and enforcement of R.A. No. 9266, its 2004 IRR and derivative regulations. During the 3rd Quarter of 2011, the PRBoA was very active in both Houses of Congress, consistently monitoring, issuing calls/ notices to and conducting online and face-to-face discussions among RLAs, coordination with the concerned Senate/ House of Representative Committees, filing position papers and attending hearings on the following bills:

- 1) Pending Bills at the Senate at Committee level (hearings and Technical Working Group/ TWG meetings held) :
 - (i) two (2) bills on civil engineering (CE);
 - (ii) the bill on environmental planning (EnP);
 - (iii) the bill on interior design (ID); and
 - (iv) three (3) bills on the creation of a new Department (a major line agency);
- 2) Pending Bills/ Resolution at the House of Representatives :
 - (i) four (4) bills on civil engineering (CE); and
 - (ii) a House Committee Resolution to allow more foreign participation in architectural and other professional firms (hearing set but cancelled).

During the 3rd Quarter of 2011, the PRBoA was also very active in both Houses of Congress in crafting the following bills to address the practice environment of RLAs in the country (+/- 28,000 registrants and +/-11,000 PRC ID card holders), to wit:

- 1) repeal of P.D. No. 1096, otherwise known as the 1977 National Building Code of the Philippines (NBCP);
- 2) the creation of a new Department (a major line agency) that shall take over full jurisdiction over all buildings on Philippine soil (from the DPWH);
- 3) the full professionalization of the local government position (LGU) position of Local Building Official (LBO) and Assistant Building Official (ABO);
- 4) Non-Mobile Billboards;
- 5) Anti-Graft Law; and
- 6) Consulting Services Board.

The PRBoA is still crafting three (3) other bills concerning the built environment and professional practices which impact on the practice of architecture in the country, which it hopes to complete by the 4th quarter of 2011.

Among the key developments being monitored by the PRBoA are:

- 1) the matter of the **preparation/ signing/ dry sealing of ARCHITECTURAL** documents as part of building permit application applications required by the DPWH through the LGU Offices of Acting Building Officials (ABOs); the PRBoA has been consistent in reminding/ warning national and local government officials of the mandated and sworn duties of their officials to fully implement the **multiple provisions** of R.A. No. 9266 **and** under Secs. 302.3 & 4 of the 2004 Revised IRR of P.D. No. 1096, otherwise known as the 1977 National Building Code of the Philippines (NBCP) that limit the **preparation/ signing/ dry sealing of ARCHITECTURAL** plans and documents only to registered and licensed architects (**RLAs**), violations of which merit stiff administrative and criminal penalties; with the 04 May 2009 Order of the Court **AFFIRMING** its 29 January 2008 Decision ordering the **LIFTING/ DISSOLUTION** of the 24 May 2005 injunction on Secs. 302.3 & 4 of the 2004 Revised IRR of P.D. No. 1096 (which also limit to Architects the acts of signing/ sealing **architectural** documents, there is presently **NO legal impediment** to the implementation of Philippine laws and regulations that purposely **LIMIT/ RESTRICT** the **preparation/ signing/ dry sealing of ARCHITECTURAL** plans/ documents only to **RLAs** i.e. **there is NO TRO, NO injunction and NO pending constitutional question before any Philippine Court on any of the provisions of R.A. No. 9266, a valid and subsisting law**; as such, no other registered and licensed professional (RLP), particularly civil engineers (CEs), can lay claim to expertise in the preparation of such documents; notwithstanding the protestations of the DPWH and the PICE, the pendency of the PICE appeal before the Court of Appeals (CA) **cannot** have any effect on the 2008 **automatic** lifting of the preliminary injunction on Secs. 302.3 & 4 of the 2004 Revised IRR of P.D. No. 1096; since the **dissolved** writ of preliminary injunction on Secs. 302.3 & 4 of the 2004 Revised IRR of P.D. No. 1096 was merely “**interlocutory and ancillary** in character, [it is] **automatically** lifted upon dismissal of the main case (on 29 January 2008), regardless of whether the period for filing a motion for reconsideration of the order dismissing the case or appeal therefrom has expired or not.” [*Golez v. Leonidas*, 107 SCRA 187 (1981), citing *Roldan, Jr. vs. Arca*, 65 SCRA 336, 344 (1975); *National Sugar Workers' Union, etc. vs. La Carlota Sugar Central, et al.*, 45 SCRA 104, 109 (1972); *Lazaro vs. Mariano*, 59 Phil. 627, 631 (1934); *Saavedra vs. Ibañez*, 56 Phil. 33, 37 (1931); *Hi Caiji vs. Phil. Sugar Estates and Development Company*, 50 Phil. 592, 594 (1927)]

Very Important Notes:

- 1) Under Department of Public Works and Highways (DPWH) Special Order No. 73, series of 2011, dated 04 April 2011, the Hon. DPWH Secretary **Rogelio L.**

Singson re-appointed PRBoA Acting Chairman Armando N. Alli to the position of **Vice Chairman of the DPWH Board of Consultants (BoC)**, a public-private advisory collaboration tasked with policy changes relating to the implementation and enforcement of P.D. No. 1096 (the 1977 National Building Code of the Philippines/ NBCP, including its 2004 Revised IRR). PRBoA Acting Chairman Alli has been a member of the DPWH BoC since 2002, becoming its Co-Vice Chairman in March 2007. He is joined in the 2011 BoC by 2 representatives of the IAPOA-UAP.

By the end of September 2011, the PRBoA completed its first draft of the one hundred forty (140)-page **repeal** bill for P.D. No. 1096 (the 1977 NBCP), which substantially overhauls the 34-year old law. Copies of the bill have been disseminated to possible sponsors in both Houses of Congress and to RLA-stakeholders as well as to selected RLPs from the allied professions. An electronic copy of said bill has also been furnished DPWH Secretary Rogelio Singson.

- 2) The PRBoA has been in active coordination with two (2) of its counsels during the 3rd quarter of 2011 i.e. to file a Petition for *Mandamus* with respect to R.A. No. 9266 and to file a criminal complaint, possibly against property developers who illegally hire foreign architects (FAs) for projects on Philippine soil or possibly against firms that have been illegally formed/ continue to be unregistered with the PRBoA, but continue to offer and undertake architectural services. A third (3rd) PRBoA counsel is still separately working on the November 2009 complaint the PRBoA filed against the former DPWH Secretary, two (2) Undersecretaries and the PICE and on other pertinent cases involving the PRBoA before the Office of the Ombudsman. Two (2) more *pro-bono* senior external counsels also periodically assist the PRBoA on other matters.
- 2) on the separate matter of the **preparation/ signing/ dry sealing of “subdivision” plan documents as part of development applications** required by the Housing and Land Use Regulatory Board (HLURB); with the firm Commission position (stated in its **letter dated 01 Feb 2007 to the HLURB**) as regards the matter of the signatory to “subdivision” plans, it may now be the opportune time to officially discuss the matter among the four (4) professional regulatory boards (PRBs) involved i.e. PRBoA(architecture), PRBoE(nvironmental) P(lanning), PRBoC(ivil) E(ngineering) and PRBoG(eodetic) E(ngineering), possibly in a non-confrontational manner, so that the proper nomenclature of the pertinent site/ subdivision planning documents could be agreed upon and would therefore serve as the primary guide for the HLURB in its future policy-making functions; otherwise the PRBoA must continue a similar campaign for implementation and enforcement of R.A. No. 9266 provisions that limit to RLAs the **preparation/ signing/ dry sealing of architectural documents in the form of physical or site plans** in general i.e. specifically subdivision plans.

The PRBoA is also presently monitoring the implementation and enforcement of the following provisions of R.A. No. 9266:

- 1) registration of architectural firms under Sec. 37;
- 2) application, processing and issuance of temporary special permits (TSPs) for foreign architects (FAs) working on projects on Philippine soil under Sec. 38 of R.A. No. 9266;
- 3) continuing professional development/ education (CPD/E) under Secs. 7 (i) and 28 of R.A. No. 9266 and professional specialization for RLAs; the IAPoA was accredited by the CPE Council for Architecture as a CPE Provider on 07 August 2009;
- 4) revision of the B.S. Architecture curriculum together with the CHED Technical Panel for Architecture, where the CODHASP and the IAPoA are represented;

- 5) the intellectual property rights of **RLAs** to their crafted architectural documents (which are apparently misappropriated/ illegally used by unscrupulous entities whenever the same are submitted under various governmental permitting processes ;
- 6) the filling up of all national and local positions that require the training and expertise of **RLAs** i.e. specifically the work of ABOs or ABO architectural review staff in LGUs with or without ABOs or Offices of ABOs, a provision under R.A. No. 9266 that has been in full effect since 10 April 2007; and
- 7) preparations attendant to the filing of criminal and/or administrative complaints at various venues against offending national and/or local government officials and the private entities who have directly benefitted from official violations of R.A. No. 9266, etc.

D. General Dissemination of Information on R.A. No. 9266

Over the period July through September 2011, the PRBoA has actively taken part in (or has attended) various activities relative to the general dissemination of information on R.A. No. 9266 and the proposed laws and executive issuances that affect it e.g. information exchanges at its various mailboxes and through its website at www.architectureboard.ph i.e. messages, clarifications, statements, general regulation documents, etc., direct mailing to parties (electronic and courier); fora on addressing graft and corruption, general architecture advocacy meetings, meetings/ conferences with various groups of **RLAs**, etc.

The PRBoA website has also served as a continuing platform for PRBoA advocacies, which now include the need to correct many provisions of the R.A. No. 7160 (The Local Government Code of 1991) to make the same fully conform to the correct professional practices enshrined under valid and subsisting professional regulatory laws (PRLs, such as R.A. No. 9266).

By the end of September 2011, **over** eight hundred twelve thousand (**812,000**) pageloads/ visits to the PRBoA website have been logged (since mid-2008, or approx. 270,600 pageloads/ visits yearly). Again, while the IAPOA-UAP website is presently linked to the new PRC website, the PRBoA website is not. This possible oversight needs to be addressed.

On 20 September 2011, the PRBoA (represented by Ars Alli and Chua Chiacio) became the first Professional Regulatory Board (PRB) on-air at the PRC Hour on DZRJ 810 am, a program hosted by the Commission.

E. Liaison with the Accredited IAPOA (UAP) and with Other Associations of Architects (OAAs) and Stakeholders

The PRBoA has attended (and actively taken part in) the various IAPOA and other local/ international architectural organization (PIA, AAIF, APEC Architect Register, ASEAN MRAR/ MRA, etc.) activities pertaining to R.A. No. 9266 implementation and enforcement in the Philippines and overseas.

F. Liaison with the PRC and PAPRB

During the 3rd quarter of 2011, the PRBoA has actively supported the various activities carried out by the PRC with the PAPRB, including multi-sectoral and cross-sectoral events, as well as those relating to planning activities for the proposed Professional Summit in 2012.
