SUBJECT : PRBoA First (1st) Quarter 2012 Report of
Accomplishments (Narrative)

Dear Madam/ Sir,

Warm greetings from the Professional Regulatory Board of
Architecture (the "PRBoA").

The **PRBoA** transmits herewith its Report of Accomplishments
(Narrative) for the First (1st) Quarter of 2012 (in 13 pages total).

For Commission information only. Thank You.

Yours sincerely,

For the **PRBoA**

Armando N. Alli
Acting Chairman

Professional Regulation Commission (PRC)

Professional Regulatory Board of Architecture (PRBoA)
2012 First (1st) Quarter Report (Narrative)
for the Period **01 January through 31 March 2012**

A. PRBoA Meeting/s Held

For the period January through March 2012, the PRBoA *en banc* officially met on various dates i.e. on at least four (4) separate occasions, at the PRC (the “Commission”) and elsewhere to discuss pending matters on the implementation and enforcement of **R.A. No. 9266** (The Architecture Act of 2004, its 2004 IRR and derivative regulations), that need to be addressed the soonest.

B. LEA

On 02 February 2012, the PRBoA and the Commission jointly released the results of the January 27 and 29, 2012 Licensure Examination for Architects (LEA) held in Manila. Only **822** out of **1,617 (50.83%)** passed the LEA, which is of exactly the same quality and content as the LEAs administered overseas.

The new Architects’ Oath-taking ceremonies were held on 20 March 2012 at the Manila Hotel, with former Senator Aquilino (Nene) Q. Pimentel, Jr., the acknowledged father of R.A. No. 9266 (Architecture Act of 2004) and of R.A. No. 7160 (1991 Local Government Code), as the event’s Guest of Honor and Main Speaker. This was followed later the same day by the Recognition Night for the LEA Top Ten Placers hosted by Pacific Paints Manufacturing, Inc. (Boysen Paints).

C. Review of/ Hearings for/ Decision on Docketed Cases

There were 6 administrative cases reviewed and about 3 hearings attended by the PRBoA at the Commission. Orders and/or decisions for 3 cases were also released during the 1st quarter of 2012. While there are approx. 45 pending administrative cases against registered and licensed architects (RLAs) generally involving complaints pertaining to gross negligence/ malpractice, dishonorable/ unethical/ unprofessional conduct and immorality, a major administrative complaint filed by the Government against a very prominent architect is still awaiting a trial schedule from the PRC Legal and Investigation Division (LID).

D. Monitoring of the Full Implementation and Enforcement of R.A. No. 9266 (The Architecture Act of 2004), of the Various Legislative Initiatives that Shall Materially Affect Said Law and of Court Decisions in Pending Cases Involving Efforts by Certain Groups of Civil Engineers (CEs) to Apparently Co-opt the Practice of Architecture, Specifically the Preparation, Signing and Sealing of ARCHITECTURAL Documents

The PRBoA has consistently monitored developments concerning the full implementation and enforcement of R.A. No. 9266, its 2004 IRR and derivative regulations (DRs). During the 1st Quarter of 2012, the PRBoA was active in both Houses of Congress, consistently monitoring, issuing calls/ notices to and conducting online and face-to-face discussions among RLAs,

coordination with the concerned Senate/ House of Representative Committees, filing position papers and following up developments on the following bills:

- 1) Pending Bills at the Senate at Committee level (hearings and Technical Working Group/ TWG meetings held) :
 - (i) two (2) bills on civil engineering (CE);
 - (ii) the bill on environmental planning (EnP);
 - (iii) the bill on interior design (ID); and
 - (iv) three (3) bills on the creation of a new Department (a major line agency);
- 2) Pending Bills/ Resolution at the House of Representatives :
 - (i) four (4) bills on civil engineering (CE); and
 - (ii) a House Committee Resolution to allow more foreign participation in architectural and other professional firms.

During the 1st Quarter of 2012, the PRBoA was also active in both Houses of Congress and in the executive branch in following up its crafted bills to help address the practice environment of RLAs in the country (+/-29,000 registrants and +/-12,000 PRC ID card holders as of date), to wit:

- 1) repeal of P.D. No. 1096, otherwise known as the 1977 National Building Code of the Philippines (NBCP);

*Note: By the end of September 2011, the PRBoA completed its first draft of the one hundred forty (140)-page **repeal** bill for P.D. No. 1096 (the 1977 NBCP), which proposes to substantially overhauls the 34-year old law. Copies of the bill have been disseminated to possible sponsors in both Houses of Congress and to RLA-stakeholders as well as to selected RLPs from the allied professions. A hardcopy of said bill has also been personally furnished DPWH Secretary Rogelio Singson by the PRBoA on 04 October 2011.*

- 2) the creation of a new Department (a major line agency) that shall hopefully take over full jurisdiction over all buildings on Philippine soil (from the DPWH);
- 3) the full professionalization of the local government position (LGU) position of Local Building Official (LBO) and Assistant Building Official (ABO);
- 4) Non-Mobile Billboards;
- 5) Anti-Graft Law; and
- 6) Consulting Services Board.

Among the key developments on the legal front being consistently monitored by the PRBoA are:

- 1) the matter of the **preparation/ signing/ dry sealing of ARCHITECTURAL** documents as part of building permit application applications required by the DPWH through the LGU Offices of Acting Building Officials (ABOs); the PRBoA has been consistent in reminding/ warning national and local government officials of the mandated and sworn duties of their officials to fully implement the **multiple provisions** of R.A. No. 9266 **and** under Secs. 302.3 & 4 of the 2004 Revised IRR of P.D. No. 1096, otherwise known as the 1977 National Building Code of the Philippines (NBCP) that limit the **preparation/ signing/ dry sealing of ARCHITECTURAL plans and documents** only to registered and licensed architects (RLAs), violations of which merit stiff administrative and criminal penalties; with the January 2012 Decision of the Court of Appeals (CA) REVERSING an early 2008 RTC Decision on Secs. 302.3 & 4 of the 2004 Revised IRR of P.D. No. 1096 (which also limit to Architects the acts of signing/ sealing **architectural** documents), the RLAs suffer only a momentary setback; the RLAs, through the integrated and accredited professional organization of architects (**IAPOA**, more popularly known as the United Architects of the Philippines (**UAP**), have seasonably filed a Motion for Reconsideration (**MR**) with the CA, apparently making the **January 2012 CA Decision NEITHER FINAL NOR EXECUTORY**; even if the CA affirms its January 2012 Decision in resolving the RLA MR, the **case, which is NOT about R.A. No. 9266** shall still be elevated to the Supreme Court (**SC**), which shall render the **final judgment**; as such and since **R.A. No. 9266 is a valid and subsisting law**, there is apparently **NO legal impediment** to the full Government implementation and enforcement of R.A. No. 9266, its

IRR and derivative regulations at present, particularly of the provisions that purposely **LIMIT/ RESTRICT** the **preparation/ signing/ dry sealing of ARCHITECTURAL plans/ documents** only to **RLAs** i.e. **there is NO TRO, NO injunction and NO pending constitutional question before any Philippine Court on any of the provisions of R.A. No. 9266, a law that has been in full effect since 10 April 2004**; as such, **NO** other registered and licensed professional (**RLP**), particularly the civil engineers (**CEs**) who insist on their supposed “right” to practice architecture, can continually lay claim to the **exclusive professional privilege** relating to the preparation of **architectural** documents, until the anticipated SC Decision (to be promulgated at a later time) attains finality i.e. assuming the SC also favors the **CEs** on the matter of the signing and sealing of **architectural** documents, or until a new law is passed by the State expressly granting **CEs** such a privilege, heretofore reserved only for **RLAs** who have been duly qualified under law i.e. possessing full academic training in architecture (a **B.S. Architecture** degree) and passing a **State licensure examination that is one hundred percent (100%) about the planning and design of buildings** (the **LEA**);

Note : The PRBoA is still in active coordination with two (2) of its counsels during the 1st quarter of 2012 i.e. relative to the possible filing of a Petition for Mandamus with respect to R.A. No. 9266. A third (3rd) PRBoA counsel is still separately working on the November 2009 complaint the PRBoA filed against the former DPWH Secretary, two (2) DPWH Undersecretaries, a law book author and the PICE and on other pertinent cases involving the PRBoA or its Acting Chairman before the Office of the Ombudsman. Two (2) more pro-bono senior external counsels also periodically assist the PRBoA on other legal matters.

- 2) on the separate matter of the **preparation/ signing/ dry sealing of “subdivision” plan documents** as part of development applications required by the Housing and Land Use Regulatory Board (HLURB); with the firm Commission position (stated in its **letter dated 01 Feb 2007 to the HLURB**) as regards the matter of the signatory to “subdivision” plans, it may now be the opportune time to officially discuss the matter among the four (4) professional regulatory boards (PRBs) involved i.e. PRBoA(architecture), PRBoE(nvironmental) P(lanning), PRBoC(ivil) E(ngineering) and PRBoG(eodetic) E(ngineering), possibly in a non-confrontational manner, so that the proper nomenclature of the pertinent site/ subdivision planning documents could be agreed upon and would therefore serve as the primary guide for the HLURB in its future policy-making functions; otherwise the PRBoA must seriously consider a similar campaign for implementation and enforcement of R.A. No. 9266 provisions that limit to **RLAs** the **preparation/ signing/ dry sealing of architectural** documents in the form of **physical or site plans** in general i.e. specifically subdivision plans.
- 3) Information on the RTC Manila Branch 32’s March 2012 Decision on an Indirect Contempt Petition Filed by the PICE in mid-2007 against the Acting PRBoA Chair and a co-respondent RLA from the Bicol region has been electronically furnished the PRC at end-March 2012; the Office of the Solicitor-General (OSG), representing the Respondent PRBoA Chair, has filed a Motion for Reconsideration (**MR**) dated 26 March 2012; and
- 4) Information on the Office of the Ombudsman (OO) 2011 DENIAL of the PICE Motion for Reconsideration (MR) on the OO’s 2010 Dismissal of the 2010 PICE Complaint Filed Against the PRBoA Acting Chair has also been electronically furnished the PRC at end-March 2012.

The PRBoA is also presently monitoring the implementation and enforcement of the following provisions of **R.A. No. 9266**:

- 1) registration of architectural firms under Sec. 37;
- 2) application, processing and issuance of temporary special permits (TSPs) for foreign architects (FAs) working on projects on Philippine soil under Sec. 38;
- 3) continuing professional development/ education (CPD/E) under Secs. 7 (i) and 28 of R.A. No. 9266 and professional specialization for **RLAs**; the IAPoA was accredited by the CPE Council for Architecture as a CPE Provider on 07 August 2009;

- 4) updating of the B.S. Architecture curriculum together with the CHED Technical Panel for Architecture, where the CODHASP and the IAPOA-UAP are represented;
- 5) the intellectual property rights (IPR) of **RLAs** to their crafted **architectural** documents (which are apparently misappropriated/ illegally used by unscrupulous entities whenever the same are submitted under various governmental permitting processes ;
- 6) the filling up of all national and local positions that require the training and expertise of **RLAs** i.e. specifically the work of ABOs or ABO architectural review staff in LGUs with or without ABOs or Offices of ABOs, a provision under R.A. No. 9266 that has been in full effect since 10 April 2007; and
- 7) preparations attendant to the filing of criminal and/or administrative complaints at various venues against offending national and/or local government officials and the private entities who have directly benefitted from official violations of R.A. No. 9266, etc.

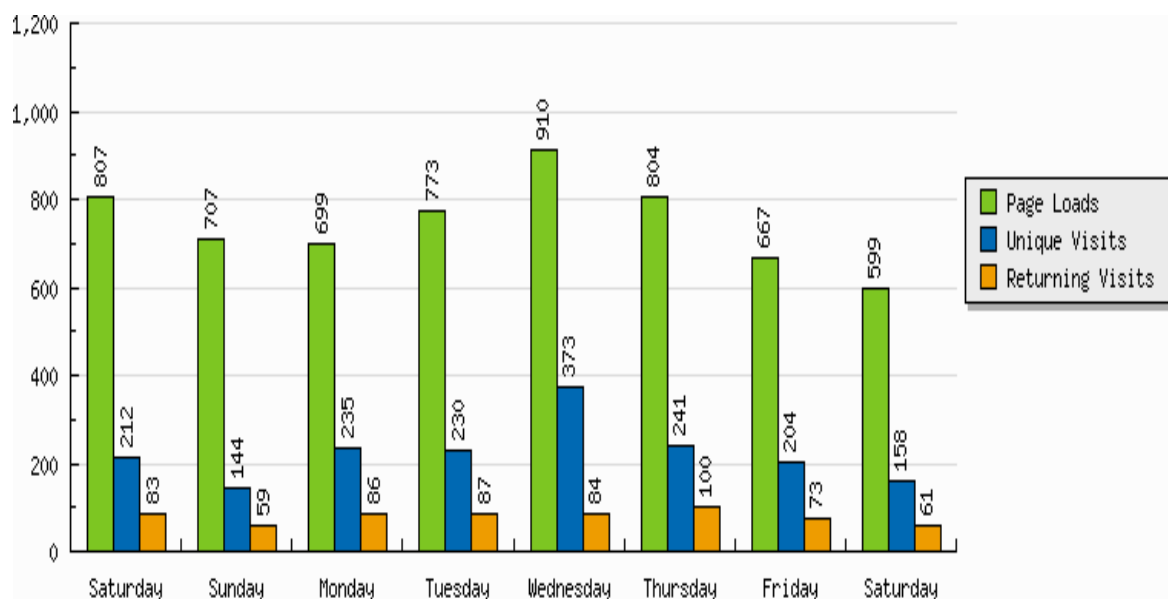

E. General Dissemination of Information on R.A. No. 9266

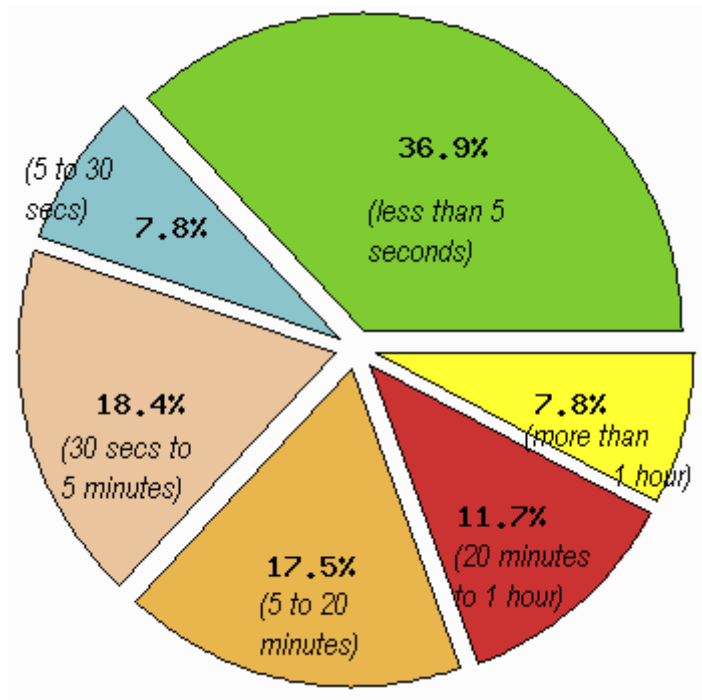

Over the period January through March 2012, the PRBoA has actively taken part in (or has attended) various activities relative to the general dissemination of information on R.A. No. 9266 and the proposed laws and executive issuances that affect it e.g. information exchanges at its various mailboxes and through its website at www.architectureboard.ph i.e. messages, clarifications, statements, general regulation documents, etc., direct mailing to parties (electronic and courier); fora on addressing graft and corruption, general architecture advocacy meetings, meetings/ conferences with various groups of **RLAs**, etc.

The PRBoA website continues to serve as a major platform for PRBoA advocacies, which now include the need to correct many provisions of the R.A. No. 7160 (The Local Government Code of 1991) to make the same fully conform to the correct professional practices enshrined under valid and subsisting professional regulatory laws (PRLs, such as R.A. No. 9266).

By the end of December 2012, about nine hundred fifty five thousand (**955,000**) pageloads/ visits to the PRBoA website have been logged (since mid-2008, or approx. 255,000 pageloads/ visits annually). Again, while the IAPOA-UAP website is presently linked to the new PRC website, the PRBoA website is still not for the first (1st) quarter of 2012. This possible oversight still needs to be addressed by the Commission.

Most of the PRBoA website visitors outside the country come from the Middle East, East Asia, parts of the USA and parts of Europe. Hereafter are some graphical information concerning the current PRBoA website usage (daily visits and visit length)

F. Liaison and Current Relationship with the Accredited IAPOA (UAP) and with Other Associations of Architects (OAAs) and Stakeholders

During the 1st Quarter of 2012, the PRBoA has attended (and actively taken part in) the various IAPOA-UAP and other local/ international architectural organization (PIA, AAIF, APEC Architect Register, ASEAN MRAr/ MRA, etc.) activities pertaining to R.A. No. 9266 implementation and enforcement in the Philippines or overseas or have attended to matters concerning the PRBoA relations with such entities.

Of particular import was the meeting between the UAP-IAPOA, the PRBoA and the PRC during which discussions focused/ touched on several issues that continue to affect the harmonious PRBoA-IAPOA (UAP) relationship.

G. Liaison with the PRC and PAPRB

During the 1st quarter of 2012, the PRBoA has actively supported the various activities carried out by the PRC with the PAPRB, including multi-sectoral and cross-sectoral events, as well as those relating to planning activities for the proposed Professional Summit in 2012.
